

HELP

Goal: To equip students with foundational truth to accomplish the mission.

HELP is the first step of the HOPE strategy and is essential if you want to see your club be successful. The purpose of this week is to help you seek God through his Word. It is also a time for students who made a decision on Engage Week to learn the basics of their new life in Christ.

HELPFUL TIPS

- Invite new friends; new believers are what this club is all about!
- Leadership should be familiar with the training resources in advance and have printed copies available.
- Don't allow discussion to become divisive or exclusive.
- Be sensitive to new believers and aim to help them grow in their new relationship with God.
- Be sure to emphasize spiritual growth of every believer as they talk about the gospel. This specific challenge to grow in your own personal relationship with God is important as you reach out to your friends.

RESOURCES

The list of recommended training resources is on the prior page. The Bible stories and prompts on the website are designed to help you explore God's Word, understand how it is relevant and to share it with others. Through discussion with other students and guidance from a campus coach, students will gain an ability to understand and better express why they believe what they believe. The goal is for students to be ready to give a reason for the hope that is in them (1Peter 3:15).
